Our Mission

REAL Prevention

For over 30 years, REAL Prevention has been working toward helping schools implement their own prevention programs. We understand that every educator has different needs. We offer several program options tailored to best fit your classroom.

How It Works

1. Choose a Program
   Visit real-prevention.com to learn more about our programs.

2. Receive Your Materials
   We’ll send everything you need to get started, or if you prefer to go paperless we have downloadable editions too!

3. Receive Your Training
   Whether you prefer online or in person, we’ll make sure you’re ready.

4. Implement Your Prevention Program!

Our Mission

We do prevention programs the right way. Here’s what teachers, counselors, and community workers have to say about us.

“What is awesome about keepin’ it REAL is that it is interactive and not just me lecturing at the kids. The students do role-plays, paired discussions, small group discussions, and practical application of the concepts. Plus, they really enjoyed watching the videos. We can’t wait to make our own!”

“I love that keepin’ it REAL uses real kids’ stories because the situations are one’s that my students can relate to.”

“My students loved creating their own posters and videos. This gives them a chance to reinforce the messages in the program and to have fun doing it.”

“In only 45 minutes a week, I can actually see that the information from keepin’ it REAL is sticking.”

keepin’ it REAL has been featured in the Surgeon General’s report as one of the country’s most effective evidence-based programs.
OUR PROGRAMS

MIDDLE SCHOOL

keepin’ it REAL
Representing over 30 years of drug prevention research, this program merges cultural norms and values with critical thinking to engage students with a curriculum that is both relevant and impactful. Teachers are trained in our unique “from kids, through kids, to kids” approach that has been proven to reduce the risks of alcohol, tobacco, and drugs!

This program is available in three unique versions:

- **Multicultural:** our most comprehensive program customization
- **International Spanish:** perfect for Spanish-speaking students
- **Rural:** specifically made for students living in rural settings

STARTING AT $300

MIDDLE SCHOOL TRANSITIONING TO HIGH SCHOOL

Youth Message Development
This 4-lesson classroom-based media literacy program focuses on developing resistance strategies to common drug advertising techniques. Through this program, students develop counter-arguing and critical-thinking skills. After completing the program, students are tasked to develop their own anti-drug messages.

$350

REAL media
REAL media is an Online version of Youth Message Development. It consists of 5 learning modules. Through this program, students learn about the advertising techniques used in various alcohol, tobacco, and drug products, develop their creative thinking, and generate their own anti-drug messages.

$5/STUDENT

HIGH SCHOOL

kiR High School
This program is a digital, evidence-based substance abuse prevention program for high school students. The e-learning modules are appropriate for a general school population.

$5/STUDENT

Celebrating Safely
Targeted for high school aged teens. CELEBRATING SAFELY is a 50-minute presentation with video and live performance script addressing underage drinking, legal and personal ramifications of alcohol use, and providing safety tips for celebrations.

$20
